

This is what we have all been waiting for and now it is almost here! The release date for the new album is

**21st February 2020**

but you can pre-order from now using the links below. Available to buy will be a CD (yes, the hard copy CD that has been requested many times by many people), a 12" Vinyl, Digital Download and a Hardback Book. All of those sold through Music Glue will be signed by Russ in person. He is going to be busy!

NB: For those who bought the original download of **It's Good To Be Here**, there is plenty here that will be new to you. Most of the original songs are here but Russ has re-worked some of them. There are several extra tracks including new arrangements of a couple you will know....but not like this!

The album cover.

Promotion for the album is starting now so listen out, you might hear a track on the radio.

This link will take you to the places from which you can pre-order the album and book.
